**Slate Of Officers & Board Members Announced At IMUA's 91st Annual Meeting
IMUA Meets In-Person In Savannah**

New York, NY — May 4, 2022 – Over 300 underwriters, brokers, claims personnel and key industry professionals gathered in-person for the first time in three years to participate in the 91st Inland Marine Underwriters Association (IMUA) Annual Meeting. IMUA's premier education symposium was held April 24-27, 2022, at the Westin Savannah Harbor, Savannah, GA.

The first order of business was the elated proclamation “We’re Back!” by IMUA’s Vice President & Secretary, Lillian Colson. She then began the meeting with the announcement of the approval of the election results for the 2022 slate of officers. Jessica Frankovich, CPCU, AMIM, ARM, ARe, Executive Vice President, Custom Property & Inland Marine Seneca Insurance Co., a Crum & Forster Company, was re-elected for a second term as the association's chairperson as were Anthony Falcone, Intact, as Deputy Chair, and Arthur Sieder, Great American, Vice-Chair.

Commenting on her acceptance, Jessica Frankovich praised the membership for their strong commitment to supporting the efforts of the association over the past two years. She said, “Regardless of the roadblocks presented by the pandemic, the work of the IMUA relentlessly continued its commitment to advancing the goals of the inland marine industry. I am extremely honored to serve this prestigious organization once again. But more importantly, I am proud to be a part of this group of dedicated professionals and I thank you, our members, for this unique opportunity. I look forward to building upon the incredible progress the IMUA has made over the past several years in developing the talents of so many young members of this association. Looking to my agenda going forward, I intend to build upon these successes and create an even stronger entity by furthering education and professional development to meet the challenges that face this industry in the foreseeable future.

"I am also pleased to announce that the IMUA will now offer all-access, all-inclusive remote education for all its members. This includes unlimited member access to IMUA webinars, seminars, courses, papers and more. It is another shining example of the benefits of membership."

Ms. Frankovich concluded by recognizing the hard work and dedication of the IMUA staff. She noted, “We are all deeply grateful for their dedication in moving the association forward, especially during the adversities we all witnessed over the past two years. They continue to push each of us to become a stronger organization.”
